Respectfully submitted,

L. A. BICKFORD,

Judge.

State of New Hampshipe

To the inhabitants of the Town of Milan, in the County of Coos, in said State, qualified to vote in town affairs:

You are hereby notified to meet at Androscoggin hall at Milan in said town on Tuesday the 13th day of March, next at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary town officers for the ensuing year.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year, and make appropriations for the same.
3. To raise such sums of money as may be necessary for the repairs of highways and bridges for the ensuing year.
4. To raise such sums of money as may be necessary for breaking roads winter of 1928 and 1929.
5. To see what sum of money the town will vote to raise for Trunk Line Construction.
6. To see what sum of money the town will vote to raise for Trunk Line Maintenance.
7. To see what sum of money the town will vote to raise for State Aid Maintenance.
8. To see what sum of money the town will vote to raise for Memorial Day and appropriate the same to the Grand Army.
9. To see what sum of money the town will vote to raise for the purchase of books and supplies for the Public Library.
10. To choose by ballot one Trustee of Cemetery Trust Fund for three years.
11. To choose one trustee for Public Library for three years.
12. To see if the town will vote to accept the provisions of Chapter 87, Section 1, of the Revised Statutes, on a section of the Berlin-West Milan road, so-called, and appropriate, or set aside from the amount raised for highway work the sum of \$150.00 for this purpose.
13. To see what sum of money the town will vote to raise for Cemeteries.
14. To see what sum of money the town will vote to raise for town poor.

TOWN OF MILAN, N. H.

15. To see what sum of money the town will vote to raise for Chickwalnepy bridge and Success bridge washed out by flood.

16. To transact any other business as may legally come before the meeting, and appropriate money for the same.

17. To see if the town will vote to discontinue the Police Court.

Given under our hands and seal this 25th day of February, in the year of our Lord nineteen hundred and twenty-eight.

O. T. COLE,
JOHN B. NAY,
E. J. PEABODY,

Selectmen of Milan.

A true copy of warrant—Attest:

O. T. COLE,
JOHN B. NAY,
E. J. PEABODY,
Selectmen of Milan.

School Treasurer.

School Superintendent's Report

Milan, N. H., Jan. 31, 1928.

School Board of Milan, N. H.
Ladies and Gentlemen:

I hereby submit the report of the Superintendent of Schools.

Instruction

During the last school year only one change occurred in the teaching staff of the district. Mrs. Eunice R. Thurston resigned her position at Hodgdon Hill and Mrs. Addie I. Rounds finished out the year with no interruption in the work. Mrs. Rounds resigned her position recently. The policy of securing Normal School graduates where it is necessary to fill vacancies is highly commendable, and the practice of the best school districts. Zelda J. Gordon at the Milan Hill School, Avis A. Mills at the Jewett School, Ora Ordway at the Hamlin School, and Luallie F. Laing at the Hodgdon Hill School are all Normal School graduates. Of the other three teachers one will graduate this summer from Normal School with four years of experience, and the other two have had considerable Normal training and several years of experience. Your teachers are all working conscientiously, and the children are making more progress today than in any year during the present supervision. Your teachers are worthy of the co-operation and the support of parents and citizens. The course of study under which your schools operate is the same throughout the state. It is constructed for the average child. There is so much work to be accomplished each year and the teachers simply apportion the work to each day. Children going to high schools and academies will have to compete with those who have completed the full course of the elementary grades. Ample provision is made for relaxation and the play instinct in your schools, but the children must feel that school is their work-shop and not a place to be entertained. As substantial evidence of the good instruction in Milan schools the reports of the eighteen pupils in Berlin High School at the first rating last fall show that only one pupil failed in one unit course. The Headmaster of another school advised me recently that pupils coming to that school from the district were better prepared than the average. Last June

eighteen pupils graduated from the eighth grade.

Property

The school properties are now in excellent condition, and but little work was necessary to be done during the summer. It would be well during the coming summer to make some alterations in the Jewett and Hamlin schools in the approaches to the boys' and girls' toilets, to the end that there may be absolute privacy. The water system at the Milan Corner School will be repaired this summer.

The School Year

The question of holidays occasionally comes up, especially when neighboring towns give them and your schools are in session. While the cessation of work or study may or may not be a sign of patriotism, there are undoubtedly some traditional holidays which should be observed out of respect for their associations, and as a relaxation for pupils. Last year Berlin schools operated 38 weeks or 363 actual half days, and Milan 36 weeks and only 344 half days. Such a difference spread over the school life of a child is a distinct educational loss. There are certain overhead expenses of every holiday. It is my best judgment and recommendation that for the coming year all teachers' contracts read for 180 days instead of 36 weeks as is becoming quite customary in many districts. This practice will mean a 37-week year and will permit of more holidays and at the same time enable each child to have much nearer 180 days of school opportunity than heretofore.

Health

The vaccination law is being vigorously enforced, and the health officer is to be highly commended for his conscientious work. There is absolutely no doubt as to its efficacy, and its legality has been sustained by the Supreme Court. I wish to call attention to the report of the health Examination. Last spring 22 children were found with defective vision, 25 having hypertrophied tonsils, and 55 having defective teeth. One-half the children need dental advice and surgery. While it is true that some first teeth need not be filled, only a dentist can definitely determine this. The Metropolitan Life Insurance Company states, "Decayed teeth and dirty mouths may result in many ailments such as headache, colds, skin troubles, abscesses, boils, nervousness, neuralgia, neuritis, rheumatism and heart trouble." Nineteen children are under weight. It is now possible for parents to take these children

to the health clinic in Berlin for advice. This should be done when children continue to be very much under weight. Children with defective vision are straining their eyes every day and injuring their sight. Children cannot be well and do their best under physical handicaps.

Financial

The appropriation asked for the year 1928-1929 is included with the financial report of the School Board. It is just the same as last year, and with the present policy of the School Board in carefully watching expenses should leave a substantial balance in the treasury at the end of the year.

Respectfully submitted,

ALLAN M. McCURDY,
Superintendent.
